WITH

*Tarentaise tours*.com  
Expert in Adventure

## OUR GOAL

To offer you a unique experience.

We organize with you your corporate event, in a unique place, and make you enjoy an exceptional stay, full of surprises and which will leave you an unforgettable memory!

Going with Tarentaise Tours is to dive into an adventure designed from A to Z for you, according to your objectives and your expectations.

Enjoy this excursion in the heart of the Alps:  
we take care of the rest!

---

# O U R S T R E N G T H S

---

In order to provide you with high-quality services, we only work with experts in the field of business tourism.

Established in Tarentaise for several years, we have acquired a perfect knowledge of the terrain and the environment of the Alps to provide you with only the best during your seminar.

By having our own equipment, we are able to offer you personalized activities adapted to all your needs.

# OUR SERVICES

## Sites

Our experience of the region allows us to know all the ideal places to set up your event. Depending on the atmosphere, the environment and the experience you wish to offer to your collaborators, we will be able to recommend you the perfect destination.

## Transports

From the arrival on-site to your departure, including transfers to the activity sites and for any other travel, Tarentaise Tours takes care of welcoming your participant, finding, and booking transports adapted to their needs.

## Accommodations

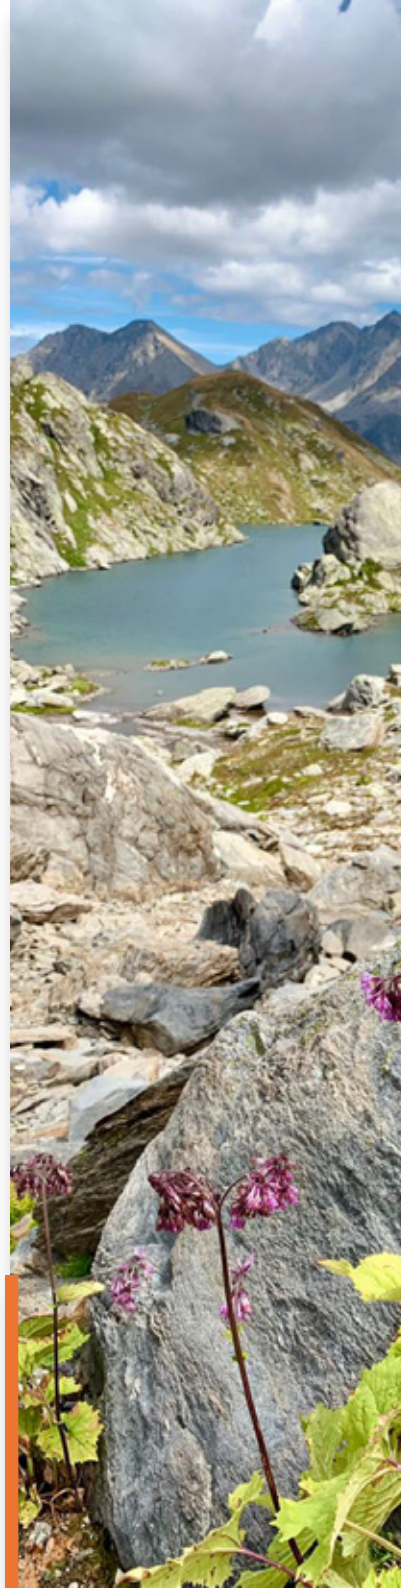

We have built a privileged collaboration with the local actors, to allow you to choose between different types of excellent accommodation.

**Hotels and tourist residences:** chosen for their quality and according to the scale of your event, located as you prefer (ski area, valley, near water for your aquatic activities...).

**Mountain huts and chalets:** for memorable meetings and gatherings.

**Unique accommodations:** bivouac, tent camps, igloo...

## Catering

We guide you in the choice of restaurants for your lunches, breaks, and evenings. Choose between different atmospheres, moods and themes.

Upscale and local catering, or a warm meal in a refuge...  
We take care of reservation, decoration and furnishing.

## Event

### Teambuilding :

The creation and production of activities is our core business, which is why we can provide our own equipment, and structures, as well as our experts and guides for all your projects. We take care of the decoration and the animation of the chosen place. Evenings and artistic performances can also be organized by our teams, according to your wishes and objectives: relaxation, motivation, sports activities, reward evenings, annual conventions, product launching...

## Activities

Thanks to our location in the middle of the Alps, our partnerships and local agreements, we can offer you an unlimited range of activities!

**White water:** rafting, canyoning, white water swimming...

**Sports:** e-bike, hiking, mountaineering, heli-skiing, freerando, off and on-piste skiing, climbing, Via Ferrata and Cordata...

**In the air:** Skyway, paragliding...

**Atypical discoveries:** visit to a cheese factory, tasting of local products...

## Meetings

A personalized follow-up is offered for your conventions, product launches, trade shows, workshops, and so forth.

From conception to development, we plan and animate your meetings according to the theme and the atmosphere you want, to allow your collaborators to dive into your universe.

# OUR DESTINATION SELECTION

**Les Arcs**  
810 to 3800m

The resort of Les Arcs is divided into 5 sites located at different altitudes: Arc 2000, Arc 1950, Arc 1800, Arc 1600 and Bourg-Saint-Maurice at 810m. Each altitude has a different atmosphere, depending on what you want to bring to your event, and all of them are located in an exceptional setting and benefit from a very high quality of snow, in addition to a lively and festive atmosphere. A unique activity is also located here: the Aiguille Rouge zip line.

The Arc 1950 village offers a 485m<sup>2</sup> space for your meetings, seminars, plenary sessions or any other event! This space can be divided into 6 sub-commission rooms, with a capacity of 50 to 280 people. In Arc 1600, Arc 1800 and Arc 2000, you will also find 3 other large rooms at your disposal.

**Val d'Isère**  
1850m

Recognized as one of the largest ski areas in the world, thanks to its 300km of slopes and its 1600 meters of vertical drop (from 1850 meters to 3450 meters), Val d'Isère has the advantage of also being a charming and dynamic village.

Between shopping stores, gastronomic restaurants or typical inns and bars in the air of time, you will not have time to be bored. Not to mention that Val d'Isère has an Aquasportif center, where you can find a "beach area" with a river, an aqua gym, a wellness area with a sauna, a hammam and a spa, a sports area with a yoga room, a climbing room, a fitness room and many other surprises to discover!

**Tignes**  
1550 to 2100m

To enjoy the best snow, this is the place to be. From September to May, the offbeat and innovative atmosphere of Tignes attracts athletes from around the world! Of varying difficulty, Tignes shares its ski slopes with Val d'Isère, stretching over 300km, between 1550 and 3450 meters of altitude.

In addition to its ski slopes, the resort of Tignes offers an infinite number of original activities: ice diving, ski-jöering, dog sledding, ice karting, an ice rink and even heli-skiing, in addition to slalom and mogul stadiums, a snowpark and a gliss'park.

# OUR DESTINATION SELECTION

La Rosière  
1850m

In the heart of the Haute-Tarentaise, inside the Franco-Italian ski area of San Bernardo (Italian border at 10 minutes drive), La Rosière resort is the ideal destination to enjoy winter activities: skiing, but also snow golf.

Facing south, it has an exceptional panoramic view of the valley. The atmosphere is warm and remains calm thanks to its medium size.

La Plagne  
1800 to 2100m

On the high northern slopes of the Vanoise massif, in the Tarentaise valley, is nestled La Plagne. With a total of 11 village resorts, each with its own atmosphere, you are bound to find something to suit you.

In addition to its various atmospheres, it also has a bobsleigh run, for an original and friendly outing!

Sainte-Foy  
1550m

Sainte-Foy is a friendly ski resort on a human scale, known for its snow quality and for its breathtaking view of the valley. This authentic village will seduce you with its traditional and picturesque architecture.

Located in a preserved natural environment, sharing a twenty kilometers border with Italy, it also benefits from numerous off-piste skiing routes.

# OUR ACHIEVEMENTS

WINTER PARTY FOR POINT.P, BY ANNA ROBAK

## What was the client's wish?

To revive an old internal event, the "Challenge Ski", and to reunite all the clients and representatives of the agencies (700 people!) of the Rhône-Alpes region around a day in the mountains, at the resort of Les Arcs 1800.

In order to meet this demand, we built a private village on the snow front with an entertainment area accessible throughout the day (old-fashioned games, biathlon challenge, human curling, snake-slide...), a food and beverage area, a relaxation area, and even a stage that hosted a Rock'n'Roll concert!

## Which activity was the most successful?

The special activity of the day was surely the Giant Slalom Challenge. We counted almost 200 competitors who tried to win one of the many prizes, including skis and ski pass to extend their experience in Les Arcs.

## What logistical challenges have you encountered?

The constraints related to the location of the event, on the snow front. We had to build the entire village from the ground up: ensure water and electricity access, create a restroom area, construct the stage right on the snow... everything was transported on snowmobiles! The complexity of the project was also related to the transport of 700 people and the parking of 12 buses and about 200 vehicles, which created a lot of logistics. Parking space is extremely limited during the winter season, but thanks to the close collaboration with the resort we were able to find solutions.

# OUR ACHIEVEMENTS

SEMINAR FOR SWANTEGY, BY JULIE GAIDET

## What was the client's wish?

This event was created and built around one main idea: to reward all the company's employees for their investments and efforts within their company, as well as to strengthen their team cohesion.

To meet this wish, we gave them a new objective to reach during this meeting while allowing them to evolve in an exceptional setting.

## Which activity was the most successful?

Their challenge: the ascent of a summit at an altitude of more than 3000 meters! First, a helicopter ride to reach the starting point of their glacier trek. Then the team's ascension, each roped to the others and guided by our adventure experts. Finally, reaching the summit where the company's flag will finally be planted!

On the way down, a real ice bar set up for the occasion with a view of Mont Blanc awaits them: champagne and snacks are served by a caring staff.

## What logistical challenges have you encountered?

The real challenge was to organize the simultaneous transport of 35 people to an altitude of 3000 meters. We also had to transport all the equipment and material necessary to set up the ice bar, as well as the drinks, the food, and of course the staff present on the spot!

In other words, it was an enriching experience for the whole Tarentaise Tours team, which taught us to go beyond our limits!
